

BLANK CARDS

Low Cost

Waterproof

0.76mm
Thickness

High
Quality

The ID Tech PVC Blank cards provide excellent support for producing exceptional printouts. With their smooth and level surface, these cards ensure flawless movement under the print head, minimizing the risk of damage. As a result, the printouts exhibit vibrant colors and well-defined barcodes, achieving a high-quality output.

ADVANTAGES

- Our cards are designed to ensure optimal printing quality and readability for specific elements like texts and barcodes.
- The PVC material used for our cards offers flexibility, durability, and solidity.
- Our cards have been thoroughly tested and validated by our R&D and Quality departments.
- These tests confirm the high printing quality and reliability of our consumables.
