PROXIMITY CARD READER
IDT FR1200

RFID Card   Fingerprint   IP65   Buzzer

The IDT FR 1200 is a fingerprint reader equipped with an RS485 communication interface, making it compatible with biometric access controllers and standalone fingerprint access control systems, such as the in Bio series controllers and the F8. This device has the capability to capture and transmit fingerprint data to the access control panel for matching. Its rugged structure, rated IP65, provides added durability in various weather conditions, including outdoor settings.

TECHNICAL SPECIFICATIONS

Model	IDT Fr1200
Dimension	102 x 50 x 37.3 mm
Cmmunication	RS 485
Voice Prompt	Buzzer
Color	Black
Standard Function	ID Card Module
Optional Function	MF Card Module
Sensor	IDT Sensor
IP Sealing	IP 65

ENVIRONMENTAL SPECIFICATION

Working Temperature	0°C to +45°C
Working Humidity	10% ~ 90% (No condensing)

ORDER INFORMATION

Part Number	IDT.FR1200

APPLICATION AREA

Office Buildings	Factories And Warehouses	Schools And Universities	Hospitals And Healthcare Facilities	Government Buildings And Public Institutions
