The IDT RHB500 is an intrinsically safe handheld RAIN RFID Reader, designed for use in hazardous areas and harsh environments such as offshore, marine, chemical and industrial environments. The device is certified for use in ATEX and IECEx Zones 1, 2, 21 and 22. It has been created to work seamlessly with smartphones, tablets, and other Windows/Android devices to give a greater range of functionality. The IDT RHB500 is invaluable for supporting operations such as Inventory Management, Tracking & Tracing, Maintenance Planning and Regulatory Compliance. Lightweight and ergonomic, is easy to use with one hand. The stylus nib means you can even operate a connected tablet whilst wearing gloves, avoiding unnecessary time wasting and helping you work more productively.
